# Cocktail Flaring Masterclass

This is the kind of morale-boosting team bonding your people actually want. Be the cool boss and swap the awkward office pizza party for something far more fun.

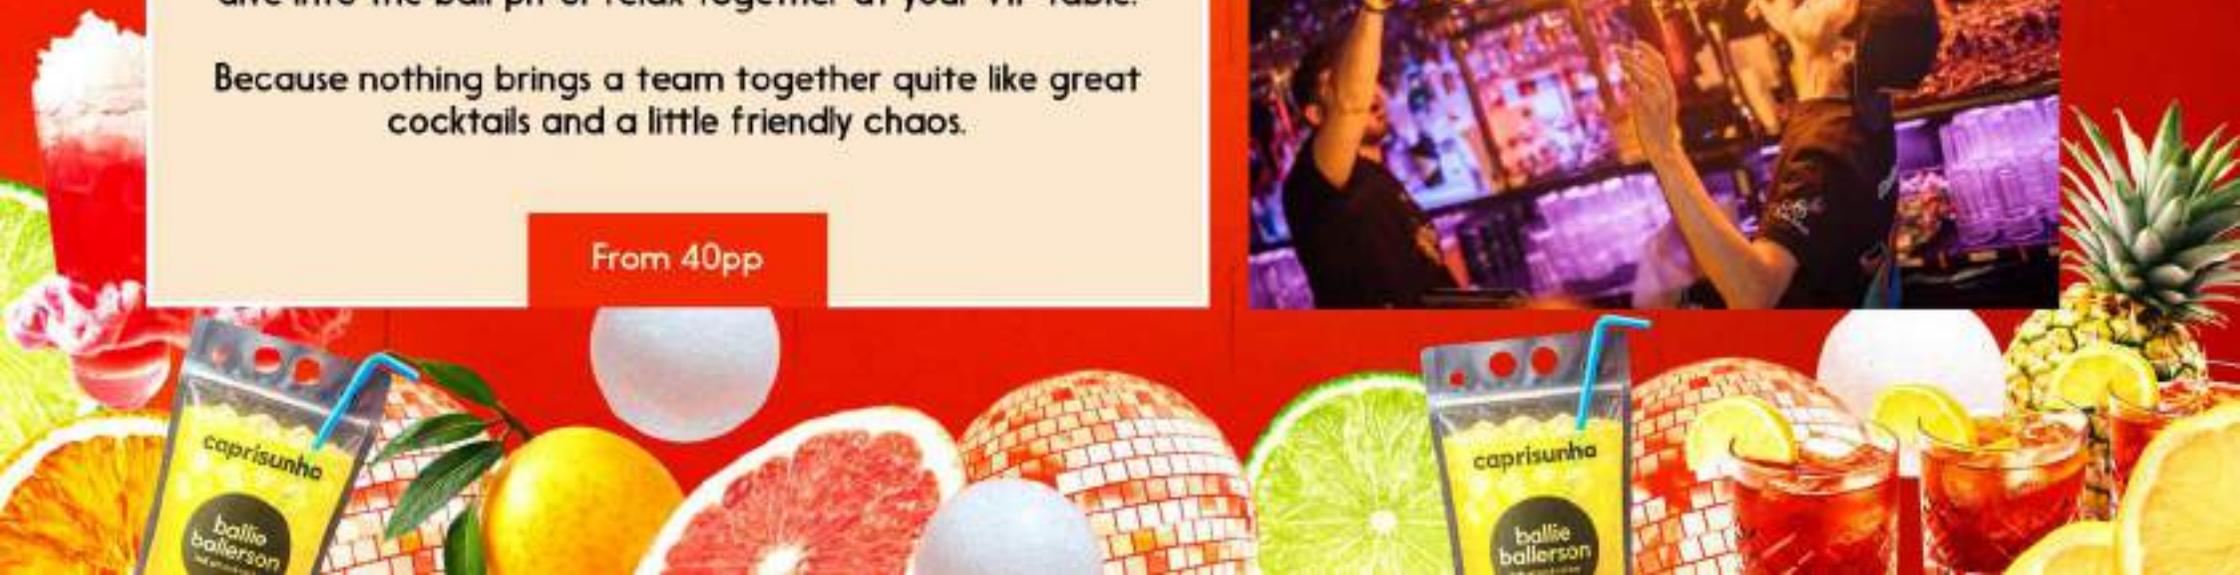

Enjoy a 90-minute cocktail masterclass complete with a welcome drink, two expertly guided cocktails you'll shake and stir yourself, plus a crash course in flaring tricks to show off back at the office. When the mixing's done, dive into the ball pit or relax together at your VIP table.

Because nothing brings a team together quite like great cocktails and a little friendly chaos.
